

Company **Business** Profile

GLOBAL B2B INGREDIENT SOURCING SOLUTIONS
Natural Bio Ingredients Portfolio

About Us

Your Trusted Partner for Natural & Bio-Ingredient Sourcing Arundhiya Foods & Naturals is a B2B natural and bio-ingredient sourcing company helping food, beverage, nutraceutical, bakery, personal care and other manufacturing industries access quality natural, plant-based and clean-label ingredients from trusted manufacturing partners. We believe sourcing the right ingredient should be more than finding the lowest price. It should be about quality, consistency, documentation, availability and the right solution for each application. Through our multi-supplier sourcing network, we connect manufacturers with suitable ingredient producers across a diverse range of products, including natural food colours, botanical extracts, oleoresins, essential oils, fruit and vegetable powders, herbal ingredients and other plant-based functional ingredients.

“ A **One-Stop Sourcing Partner** for **Natural Bio Ingredients** ”

OUR VISION

To become a trusted global sourcing and supply partner for natural and plant-derived ingredients.

OUR MISSION

To connect businesses with the right natural ingredients through application-focused sourcing and trusted B2B partnerships.
